## THE DUNDEE SOCIETY

14 April 1977

Admiral Stansfield Turner  
Director, Central Intelligence  
CIA Headquarters Building  
Washington, D.C. 20505

STAT

Most Kind and Gracious Sir:

We are delighted, individually and collectively, that you are coming to grace our Society's Eleventh Annual Reunion on the 15th of June and to be installed as an Honorary Member of the Dundee Society.

Should a familial strain of clairvoyance not be present in your genetic inheritance, the preprandial libationary period of nose-rubbing conviviality and intellectual repartee among the close-knit, close-mouthed practitioners of our mystic art begins, sotto voce to be sure, at 1115, the luncheon proper at the stroke of noon.

In approximately two fortnights, give or take an iota or fractional part thereof, a suitably worded memorandum announcing the annual convocation of the flock will be addressed to the faithful, at which time I shall send you a copy together with additional information to put you in the spirit of the occasion.

STAT

May the great Siva smile upon you and make all your camels fruitful.
